ONE-OFFS

FRESH & FAST

Every two weeks we release a new, hop-forward beer. We deliver those beers to you as fast as possible, meaning: within 24 to 72 hours. You can drink these bad boys by can, delivered at your doorstep or freshly poured from draft at your local Fresh Venue. Never before have you been able to drink freshly brewed beer that comes straight from the tank!

LAB SERIES

Every beerlover has a fresh loving bright side and a much more patient dark side. We at Uiltje want to serve both! Our bright side cans are freshly brewed at the Uiltje Brewery and our maturing dark side beers are brewed by us at our sister De Molen in Bodegraven and is packaged in bottles.
